

SENIOR BACKEND SOFTWARE ENGINEER

4th August 2025

Headway

Dear Headway,

Hello!

I'm a senior engineer with a ton of experience designing, leading, building, and scaling systems, mentoring engineers, and solving critical delivery blockers.

I've built many services on AWS, have worked with Spark and Kafka, Pager-Duty and DataDog, am an expert on Postgres and competent with Redis, and have a broad set of language skills across many stacks.

I'd love a chance to talk about this position!

Sincerely,

Jason Felice
