## LARGE SYSTEM BUILDER

## EXPERIENCE

- |  |         |
|--|---------|
| <b>SOFTWARE ENGINEER IV</b> at <i>2U</i>                             | 9 years |
| ◇ Automated new program standup                                      |         |
| ◇ Brought an acquired company's tech stack up to 2U standards        |         |
| ◇ Maintained core systems and influenced technical direction         |         |
| <b>SOFTWARE ENGINEER IV</b> at <i>Groupon</i>                        | 3 years |
| ◇ Implemented and delivered new homepage                             |         |
| ◇ Designed and delivered Points retention program                    |         |
| ◇ Broke a delivery-limiting stalemate between tech and purchasing    |         |
| <b>IOS &amp; ANDROID DEVELOPER</b> at <i>LeanDog</i>                 | 2 years |
| ◇ Maintained iOS application and ported it to Android                |         |
| <b>SOFTWARE ENGINEER</b> at <i>Blue Frog Gaming</i>                  | 1 year  |
| ◇ Designed and delivered Polar Puzzles and Ghost Chicken iPad games  |         |
| ◇ Maintained Hearts and Spades iPad games and network servers        |         |
| <b>SENIOR SOFTWARE ENGINEER</b> at <i>Micros Retail</i>              | 3 years |
| ◇ Maintained DAS and XPay credit authorization systems               |         |
| ◇ Implemented processes dramatically reducing delivery failures      |         |
| <b>CHIEF TECHNOLOGY OFFICER</b> at <i>Cronosys, LLC</i>              | 7 years |
| ◇ Made a bet on web technology for internal business apps            |         |
| ◇ Consulted, quoted, and delivered many projects on many tech stacks |         |
| <b>CONSULTANT</b> at <i>The Baldwin Group</i>                        | 3 years |
| ◇ Consulted on PC-related issues                                     |         |
| ◇ Maintained Mayor's Court software                                  |         |
| <b>PROGRAMMER/ANALYST</b> at <i>DataVantage</i>                      | 4 years |
| ◇ Automated third shift data communications                          |         |
| ◇ Implemented new credit authorization system                        |         |
| ◇ Maintained point-of-sale software                                  |         |
